Yorkshire campervan converter receives Vauxhall (Groupe PSA) Quality Certificate and orders from 15 Vauxhall dealers.

Yorkshire-based Wellhouse Leisure says that it is delighted to announce that it has been awarded a Quality Certificate from Vauxhall's parent company, Groupe PSA (now Stellantis) for its campervan conversion of the Vauxhall Vivaro van.

They go on to advise that there has been a really strong interest in the Vivaro Elite campervan from Vauxhall dealers across the UK, with orders from 15 of them already confirmed, and more expected soon - perfect timing for the staycation boom expected in 2021.

As Vauxhall produces the Vivaro in Luton, and Wellhouse Leisure does the campervan conversion in Yorkshire, the Vauxhall Vivaro Elite campervan is proud to be able to claim it

Wellhouse Leisure, which produces campervan conversions in Barnsley, Yorkshire based on the Vauxhall Vivaro van, has been awarded an official Quality Certificate from Vauxhall's parent company, Groupe PSA (now Stellantis), and has already received orders from 15 Vauxhall dealers across the UK, with more expected to confirm their orders soon.

The Quality Certificate is a great credit to Wellhouse Leisure's new premises in Barnsley, South Yorkshire, which created 60 percent more space for its factory, parts warehouse and offices than its previous location in Huddersfield.

The Vivaro Elite campervan has a luxury specification that includes: an elevating roof, kitchen with two-burner cooker and sink with a glass lid, a 25 litre compressor fridge, *solar panel, Eberspacher 2.2kw heater, dark-tinted rear glass and LED mood lighting. The internal furniture is available in a choice of five different Italian woods.*

When camping, the driver and passenger seats can be swivelled to face the rear living area, and the crash-tested, two-seater rear bench seat (made in Germany) uses a multipoint fixing so it can slide on rails in the floor to create more living space or storage, as required, and also converts to a bed.

The two-litre engine is available with 120 PS and a six-speed manual (from £49,000), or 180 PS with a six-speed automatic. It is an easy vehicle to use as an everyday car with dimensions of 4.95 m (16.24 ft) long, 1.92 m (6.30 ft) wide and 1.98 m (6.50 ft) high, so it fits into most car park spaces and under height barriers.

Commenting on the orders received from Vauxhall dealers, Richard Hughes, Director Commercial Vehicles & Customer Experience, said: "We are delighted by the response to the Vivaro Elite campervan by the Vauxhall dealer network. Staycations are going to be

even more popular this year, so being able to offer this high quality lifestyle vehicle should be very successful for them.”

David Elliott, CEO and founder of Wellhouse Leisure commented: “We are very proud to receive this Quality Certificate. It is always satisfying for an outside organisation to review and rate the high standards of our conversions.”

“The level of interest we’re already getting in our Vivaro Elite campervan from Vauxhall dealers is really exciting and perfect timing for the high demand for campervans for more staycations in 2021,” David added.
